

Our blend of powerful antioxidants, vegetables, fruits, and greens is certified organic and one of the most effective free-radical scavengers available. This physician grade formula has a clean and refreshing organic mint taste and may help boost energy, improve immune function, enhance digestion, balance body pH, manage weight, and fight aging.

Experts recommend 7-13 servings of fruits and vegetables daily for optimal health. Each serving of **GREENS** provides the phytonutrient antioxidant value of more than ten servings of vegetables or five servings of fruits. This is based on an ORAC (Oxygen Radical Absorbance Capacity) score of more than 10,000 units.

While **GREENS** is not a substitute for good eating habits, it is a powerful adjunct and can help provide missing but necessary nutrients.*

Suggested Use: Add one level scoop to 8-10 oz of water or your favorite beverage or smoothie. Stir or shake and drink immediately. Use one or more servings per day as desired or as directed by your healthcare professional. Refrigerate after opening.

This product is free from dairy, wheat, gluten, soy, egg, fish, shellfish, peanut, tree nuts, yeast, MSG, GMO, artificial color, artificial flavor, and preservatives. **Vegetarian ingredients**
